

# NCR SelfServ™ 42

## Compact Interior Freestanding Multi-Function ATM

Looking for a compact footprint that delivers a flexible range of transactions?

YES

### Offers flexible placement and upgrade options

The NCR SelfServ 42 is a multi-function freestanding ATM suitable for any indoor location, offering cash dispense and envelope deposit with the flexibility to upgrade to advanced functions. Its compact footprint allows for placement where space is at a premium, and its attractive multimedia capacity increases revenue-generating potential and improves customer interactions.

- **Redefined availability**

Real availability is about delivering the transactions that consumers want, where and when they need them. With its compact footprint and reliable dispenser technology, the NCR SelfServ 42 can be deployed in more locations where space is at a premium or queues are long, to successfully serve more customers.

- **Informed manageability**

The NCR SelfServ 42 provides best-in-class data for network management with NCR's next-generation management system APTRA™ Vision. Clear visibility to configurations, software versions and the activity levels of each module results in more accurate, timely management decisions and operational excellence.

- **Committed responsibility**

Low-energy LED lighting, fixed length receipts and a low-power, high performance core processor are just some of the ways we've reduced the carbon footprint of the NCR SelfServ 42, making it a valuable asset in achieving environmental goals.

- **Intuitive usability**

Designed with an intuitive, user-friendly interface, the NCR SelfServ 42 ensures ease of use and increased adoption by all users including consumers, branch staff and service engineers.

- **Intrinsic security**

Incorporating NCR's unique protected USB architecture, a range of anti-fraud and physical security solutions, the NCR SelfServ 42 reduces fraud risk and maintains the integrity of your self-service channel for you and your customers.
