

# NCR SelfServ™ 14

## Compact Interior Cash Dispenser for Retail and Financial Deployment

Looking for a powerful, high volume, compact and reliable cash dispenser for off-premise and banking locations?

YES

### Attract more customers in more locations

Specifically designed for off-premise and banking locations, the NCR SelfServ 14 is a compact, interior cash dispenser that offers a very low total cost of ownership. When combined with the NCR APTRA™ software suite and PC core based technology, the SelfServ 14 is an ideal choice for Financial Institutions who are looking for a solution that's easy to integrate into their existing networks. With the smallest footprint in the SelfServ range the SelfServ 14 can be profitably deployed into a wide range of banking and off-premise locations. The addition of a backlit topper provides additional advertising capabilities to attract more customers.

- **High availability**

Availability is about delivering the transactions consumers want, where and when they need them. Built around our proven and reliable spray dispense technology, the SelfServ 14 is capable of handling high transaction volumes with a low breakeven point.

- **Easy to manage**

The SelfServ 14 is easy to install, manage and maintain. The addition of NCR APTRA software and monitoring systems ensure the highest levels of availability, manageability and performance whilst making the integration into your existing network seamless experience.

- **Easy to use**

With fresh and modern styling, a 10" widescreen LCD display and a compact and intuitive user interface, the SelfServ 14 ensures a better consumer experience and higher customer satisfaction which leads to increased customer retention and loyalty.
