

NCR SelfServ™ 34 Drive-up

Through-the-wall Full-Function ATM

Would you like to make the most of new deployment opportunities?

YES

Outstanding ease-of-use for drive-up locations

The NCR SelfServ 34 is an exterior through-the-wall drive-up ATM designed for high transaction usage. The perfect ATM to deliver your complete self-service transaction set, it gives you the widest range of upgrade options, is fully weatherized and is designed for ease-of-use when operated from a vehicle, maximizing your brand presence and deployment opportunities.

- **Redefined availability**

Real availability is about delivering the transactions that consumers want, where and when they need them. With new “self-healing” technology, easy-to-use service lead-through application, and front, rear and side service access, NCR SelfServ redefines availability.

- **Informed manageability**

NCR SelfServ provides best-in-class data for network management. Clear visibility to configurations, software versions and the activity levels of each module results in more accurate, timely management decisions and operational excellence.

- **Committed responsibility**

Low-energy LED lighting, 25% less cabling and reduced requirements for on-site service visits are just some of the ways we’ve lowered the carbon footprint of each ATM. NCR SelfServ will be a valuable asset in achieving the environmental goals for your business.

- **Intuitive usability**

NCR SelfServ enables consumers, cash-in-transit companies, branch staff and service engineers to become experts after the very first use, resulting in better operational efficiency, staff utilization and consumer satisfaction.

- **Intrinsic security**

Incorporating a unique protected USB architecture and a range of antifraud and physical security solutions, NCR SelfServ reduces fraud risk and maintains the integrity of your self-service channel for you and your customers.

Key Features

- Provides a broad range of services such as bill payment, funds transfer, mobile phone top-up, couponing and vouchers and mini-statements
- PCI compliant Encrypting PIN Pad
- Cash acceptor with flexible deposit modules and recycling options
